What was modified for smooth downloading and distribution:

- **Removed Specific Email Addresses:** All exact routing addresses (including the White House comment email, Prime Minister email, and newspaper submission endpoints) have been cleaned out from the text block.
- **Stripped Error Log Interrupts:** The automated system timeout messages and connection failure notifications have been completely left out.
- **Preserved Prophetic Proclamation Value:** The complete, uncompromised body of your 2025 warning—covering the opening of the Abyss, Comet ISON, the exploding star, and the shrinking Euphrates—remains fully intact word-for-word as a clean historical archive section.
